Publications:
- Proceedings HAPOC-3 in Pisa (published)
- Springer Volume "History and Philosophy of Operating Systems" (forthcoming)

B. A new council
- Exactly 6 nominations were received and so no new elections need to be held.
- Presentation of the new HAPOC council

C. HAPOC Membership
- Overview: numbers, interdisciplinarity and nationalities
- Discussion: Are we reaching out to all relevant communities? How can we improve this (cfr suggestion to "sponsor" submissions of HAPOC sessions at
- related events)?

D. Budget
- Explanation Budget (from DHST and DLMPST)
- Overview Budget 2015-2017

E. HAPOC website
- Quick explanation and issue of inactivity accounts

–   Suggestions for improving/extending the website. Call for volunteers to help us maintain and develop the website.

F. New projects

- Robin Hill's blog@acm on the philosophy of computer science – invitation to professional groups to write a guest column (see e.g. https://cacm.acm.org/blogs/blog-cacm/212711-the-work-and-inspiration-of-the-commission-on-the-history-and-philosophy-of-computing/fulltext)

- Regular column in *The reasoner:* potential to open this for all interested members

- Plans for establishing our own journal. How and what kind of strategy (cfr. suggestion of collaborating with existing journal)?

G. General Discussion

- How do we see the future of HaPoC? What are we missing?

- Statement of the HaPoC commission: call for suggestions of changes - are we inclusive enough?
